

"The Weyerhaeuser 200"

World Championship Rotary Tiller Race 2005 Rules

Rules and Regulations of the World Tiller Race Federation.

Race officials will make every attempt to accommodate every contestant and to equally enforce all rules and regulations.

Race officials are responsible for race brackets.

Race officials are responsible to monitor the safety of the Tillers and Racers.

The World Tiller Racing Federation reserves the right to modify and interpret the following rules as it sees fit for the safe and orderly running of the "World Championship Rotary Tiller Race"

All Racers All Categories

- 1. Rule #1 First and foremost always is SAFETY. Any tiller or tiller racer that is determined unsafe will be disqualified, and will not be allowed to race.**
- 2. Racers must sign release forms before race.**
- 3. All racers must wear shoes.**
- 4. There will be no riding of tillers.**
- 5. Racer must be in control when finish line is crossed.**
- 6. A three second penalty will be assessed if tiller strikes barriers between lines.**
- 7. Only essential personnel are allowed in pit area. That is the owner and racer only.**
- 8. In case of a tie, a run off will take place.**
- 9. One Tiller- Per Racer- Per Category. If you have more than one tiller in a category, you must have a registered racer for each tiller. In the event a racer cannot continue to race you may assign a new racer for that tiller, but they must have a release form signed.**
- 10. All races started will be considered official unless both racers are unable to complete race. In this case a re-run of that race will occur.**
